📖 Qualification description

The Bachelor of Commerce in Marketing Management prepares you for work in the exciting world of marketing and is an excellent foundation for careers in commerce, retail and advertising.

You will develop broad and intense theoretical and practical understanding of the marketing environment, consumer behaviour, market research and marketing management. The core subject areas include Business Management, Economics and pure Marketing, as well as more specific marketing modules such as Internet, Retail and Channel Marketing and Product and Promotion Management. Because of our qualification's unique emphasis on application, you will also select, conduct and present a research project and complete Work Integrated Learning (WIL) in your third year. Over and above these core modules, you will cover equally important topics like Business English, Computer Skills, Financial Accounting, Project Management and Research Methodology.

We attribute much of the success of our degree programme to our unique learning approach, which consists of interactive lecture-led learning, smaller classes and the use of technology. We have highly dedicated and experienced teaching staff and a curriculum that is relevant, career orientated and ahead of trends. This blended approach ensures that you gain essential skills for the modern workplace, such as critical and innovative thinking, self-management, collaborating in teams and communicating effectively.

✔ Entry requirements

- You need a South African National Senior Certificate (NSC) with Bachelor degree entry or an equivalent foreign secondary qualification on an NSC level with Bachelor degree entry approved by Universities South Africa (USAF).
